

The Oklahoma Professional Economic Development Council (OEDC) is an association of economic development professionals throughout the state of Oklahoma.

Our members are advocates for a prosperous economy in Oklahoma and strive to be active economic development resources for state leaders. We accomplish this through:

Legislative Advocacy Committee

Responsible for identifying legislative issues related to the economic development profession in which OEDC members can be more actively involved. This committee produces a yearly legislative agenda and strives to work hand-in-hand with legislative leadership in efforts to allow Oklahoma to remain competitive in recruitment, retention and growth of industry. This committee works closely with the Training and Education Committee to provide opportunities for members to interact with legislators and elected officials.

Training & Education Committee

Ensures that events and membership programs include educational and informational programs utilizing state, regional and national association partners such as IEDC and SEDC. In addition, this committee oversees the OEDC scholarship program.

Membership Committee

Responsible for recruitment and retention of OEDC membership to ensure the mission of the organization is met with a strong focus on capturing any and all practicing economic development professionals across the state of Oklahoma.

Why Be A Member?

The Oklahoma Professional Economic Development Council (OEDC) was formed to provide technical expertise and economic development solutions to governmental and private groups in order to achieve goals that support economic growth and development.

OEDC provides a growing spectrum of support services in Oklahoma to industry leaders, professional economic developers and local governments who need a resource for managing their own local economic development initiatives.

As a member of OEDC, you will be a part of a strong and diverse membership base, representing both rural and urban areas.

OEDC is a professional organization and membership is granted per professional and is non-transferable.

Lt. Gov. Todd Lamb speaks to OEDC members at their annual Economic Development Day at the Capitol.

Legislative Advocacy

OEDC stays current on legislation and takes an active role in promoting issues affecting business/industry and economic development. OEDC's contract lobbyists will provide advocacy training, legislative alerts and help promote the OEDC 2016 Legislative Agenda at the state Capitol.

Professional Development

Learn the latest techniques in economic development from people that have successfully obtained loans and grants, and assisted new/expanding industry, or implemented other successful economic development programs.

Networking

Become part of a network of experienced developers who will share their expertise and materials.
